EPSON[®]
VAR PARTNER

Introduction

Beagle Hardware is a division of Beagle Software specializing in the sales and service of Epson Point of Sale (POS) printers and accessories. We sell a variety of both new and fully refurbished Epson printers with several available interfaces. Our refurbished printers carry a 90-day warranty. We also offer a large selection of accessories including ribbons, cables, power supplies, and thermal paper. We are also interested in purchasing your surplus Epson POS printers.

Beagle Software was founded in 1997 and is an industry leader in the computer timekeeping field, offering a variety of software packages for keeping accurate atomic time for both single computers as well as networks, with or without Internet access. We also offer a time stamp package utilizing the Epson TM-295 printer for accurate, traceable time stamping.

Our office is located in downtown Minneapolis, Minnesota in the historic Warehouse District.

In 2008 Beagle Software became an Authorized Epson Envision VAR Partner. Requirements for this program include proven experience in the field, a consultative sales force, effective technical support, and the ability to provide added value through customer focused solutions.

In 2009 Beagle Software became an Authorized Epson Service Center. Our technicians have successfully completed Epson factory training. We maintain a repair facility that confirms with Epson's requirements on staffing, stocking and business practices.

Please visit www.beaglehardware.com or call 800-253-6407 for the latest availability and pricing information on our printer models and accessories.

Epson TM-P60 Mobilink Portable

If you're looking for the best in Wireless receipt, label or barcode printing look no further than Epson's reliable Mobilink printer. Whatever your needs from food service to retail to warehousing, Epson's Mobilink printer comes with all the features you need.

It offers the fastest printing in its class, an industry-leading 20-hour battery life, receipt or label printer options, a ruggedized design for outstanding reliability and more. In addition, it supports both Bluetooth and 802.11g with IEEE 802.11i security and advanced EAP-TLS authentication. It backed by a two year warranty.

Mobilink Receipt Printer, Bluetooth auto-cutter	\$479.95
Mobilink Receipt Printer, Wireless auto-cutter	\$649.95

Epson TM-T88III / IV / V

The Epson TM-T88V thermal printer is widely used in the high-volume retail and hospitality environments that require fast and quiet receipt printing with few consumables. With a Mean Cycle Between Failure (MCBF) of 52 million lines, the TM-T88III delivers outstanding reliability.

- **Fast thermal print speed, up to 5.9 inches/sec. - 25% faster than the TM-T88IV**
- **Easy drop-in paper loading with tear-bar or autocutter**
- **Ease-of-use features including Auto Status Back (ASB) messages**
- **High-resolution graphics printing with no processing delay**

TM-T88V Parallel / Serial Interface & USB - New	\$289.95
TM-T88IV Parallel / Serial Interface - Refurbished	\$214.95
TM-T88III Parallel / Serial Interface - Refurbished	\$165.95

USB, Ethernet, IDN and wireless interfaces also available, prices vary.

Epson TM-U220 / TM-U200 M188A / M188B / M188D

Epson's TM-U220 impact printers are compact, reliable and optimized for high-speed throughput. They offer all the easy-to-use features important to the retail, restaurant and hospitality industries and two-color printing to highlight special offers, kitchen orders and impactful logos.

- **Easy to operate**
- **Drop-in paper loading**
- **Two-color black and red receipt and order printing**
- **Right-side-up printing for kitchen orders**
- **Flexible paper widths**

TM-U220D Parallel / Serial Interface - New	\$189.95
TM-U220D Parallel / Serial Interface - Refurbished	\$144.95

Other Interfaces and models available.

APG Cash Drawer

The APG Series 4000 cash drawer is one of the toughest on the market, utilizing industrial components to give it resistance to the most brutal environments. The sturdy steel frame is powder coated in your choice of cloud white or black and resists . Industrial grade steel ball bearing slides on the drawer won't wear like silicon wheels and promote silky smooth opening and closing every time. Simply plugs into back of any Epson printer.

Black drawer, black front, dual slots Epson interface	\$159.00
White drawer, white front, dual slots Epson interface	\$159.00

MagTek Card Reader

The MagTek SureSwipe features a magnetic read head on either side, saving card flipping and checkout time. The SureSwipe is available with a USB interface in either HID or a Keyboard Emulation. The reader captures 3 tracks of data from all ISO and AAMVA encoded magnetic stripe cards. A green/red LED indicator on the reader provides the operator with status of the reader operations.

Magtek card reader, key board emulation	\$54.95
------------------------------------------------	----------------

Epson TM-H6000III

The TM-H6000III delivers high-speed receipt and slip printing, endorsement, two-color graphics and advanced QuickPass™ check processing. It features a MICR reader with over 99.9% accuracy, virtually eliminating misreads and substitution errors.

- **Optional High-speed MICR reading and check printing with 99.9% accuracy for ECC**
- **Two-color receipt capability**
- **Easy drop-in paper loading**
- **High-resolution graphics printing with no processing delay**

TM-H6000III Parallel / Serial Interface - New	\$559.95

Service & Repairs

We repair and service several models of Epson POS printers, including the TM-T88, TM-U295, and TM-U220, and others.

We offer the highest quality service, and guarantee all of our work for 90 days.

Our factory trained technicians are usually able to diagnose printers the same day they arrive, and return shipments can be made via overnight shipping.

Pricing:

Minimum service charge is \$60. This includes cleaning and calibration of the unit and parts assessment. Parts and labor will be charged in addition to this minimum when it is determined additional work is required. A price quote will be made available when requested prior to service.

When sending printers for service, please include:

- **Company name**
- **Contact person**
- **Address including e-mail address**
- **Phone number**
- **Description of problem**

Units sent for service should be addressed to:

POS Print Buzzer

The POS Buzzer works as either a print or cash drawer alarm. When plugged into the back of an any Epson TM series printer it provides an audible alarm whenever a slip is printed (no cash drawer required). It can also sound an alarm whenever the cash drawer stays open for too long.

Epson POS Printer Specialists

Beagle Hardware offers sales and service of new and refurbished Epson Point of Sale printers.
